The event was started successfully and left its marks like flowing water embarks it's impression on a pebbled shore. It gave an opportunity to everyone to remember and cherish the works of Sir M.Visvesvarayya.

Vishwakarma Day Celebration on 17th Sep.: Vishwakarma day was celebrated on 17th Sep with great zeal at Dr.K.N.M.I.E.T. and KNGD. Lord Vishwakarma is the presiding deity of all craftsmen amd architects. He is the personification of creative power which welds heaven and earth together. Lord Vishwakarma is also the designer of all the flying chariots of all the gods and their weapons.The Mahabharata describes him as "The lord of the arts and the most eminent of artisans ".

Vishwakarma pooja is celebrated every year- a resolution time for workers and craftsmen to increase productivity and gain divine inspiration for creating novel products. This day is also associated with the bouyant custom of flying kites. This occasion in a way also marks the start of the festive season that culminates Diwali.

The day is celebrated with gusto and zeal inside our college premises. It is organised by the Mechanical and Civil Engineering Department. A pooja is organised and Lord Vishwakarma is worshipped. He is known as the Divine Engineer since the puranic age. Since Vishwakarma is the God of architect and engineering, the pooja is celebrated with fervour and gaiety. The god is appeased by worshipping the machines. The college premises wear a festive look. The rituals are followed by the distribution of 'prasad'. The pooja is to invoke the craftsman god asking for his benevolence to create and innovate.

'Rang Mahotsava' by 'Chhandogya' on 3rd of March: 'Rang Mahotsava' A colorful event by 'Chandogya'

"Chandogya ", the literary and cultural club of our college organizes such events which mesmerize the students completely and fill their soul with comfort and liveliness.

RANG MAHOTSAV is one such colourfull creation of our Chhandogya club, which was filled with humour, singing, poetry and all the essential colours which can make one smile internally from the soul. This event was organized under the guidance of Dr. NISHA VISHNOI , head of Chhandogya club along with the support of all the team members of the Chhandogya club. This Mahotsav flattered its colours on 3rd of March, 2017. It was planned so as to celebrate the colourful festival HOLI earlier with the entire family of Dr. K N Modi Foundation.

Rang Mahotsav commenced by worshipping and taking the holy name of god along with DEEP PRAJWALAN ceremony by the prides of entire Dr. K N Modi Foundation, Dr. Meghraj Sharma, administrator of the foundation, Dr. P N Hrisheekesha, director of Dr. KNMIET, Dr. Deepankar Sharma, additional director of Dr. KNMIET and HODs of various department.

As the Mahotsav was planned to fill up the environment wth colours, refreshment and bring a colourfull smile on each face, it fulfilled its promise by serving before us some very enjoyable perfomances. As we all know that music has the power to cure one's sadness, music provides emotion to our soul and it is also a cause of our healthy life, so to make everyone enjoy the mahotsav, very delightful and enjoyable singing perfomances were presented before us by some very talented students of our institute Dr. KNMIET who are blessed with beautiful voices and they were Ankit Aaditya, Kushagra and very talented Anuj Pratap. Spreading more colours on the eve of mahotsav, a KAVI SAMMELAN was also organized which was hosted by our respected senior and student of our institute Mr. BrajBhusan Pandey with the co-ordination of some very creative poets. The very interesting fact about the KAVI SAMMELAN was the poets, they were none other than the very innovative and talented students of our foundation. Now the most colourfull part of Mahotsav was introduced to everyone which was an AD-MAD competition, filled with humour, skills and drama. The competition comprised of four teams and they had to sell any product within a time limit of four minutes. The team which grabbed the first position sold a " black beauty face wash " and impressed the judges with their dialogue delivery and management skills and the team members were Nikhil, Siddhartha, Abhishek and Anubhav who are amazing performers. The team who came 2nd sold " laali herbal beauty colour" and made everyone laugh and enjoy with their awesome comic advertisement. The members of this team were Mirza Atif, Abishek, Pranjali and Yashi who are very creative students.

At the end everyone who gave their best to make this Mahotsav successful were praised and Certificated by our Hon'ble director Dr. P N Hrisheekesha. The co-ordinators without whom this mahotsav was not an easy task were praised for their stupendous work. The performers who made the audience live and enjoy the mahotsav were applauded for their work. To catch up and store all the loving memories of mahotsav, a group photo was taken with all the organisers, co-ordinators as well as performers. At the end of the event Dr.Nisha Vishnoi, coordinator of 'Chandogya' proposed vote of thanks.

Training Department of Dr.K.N.Modi Institute of Engg. and Technology.

Training Department (Career Guidance)

A dedicated training cell is established to guide the students to prospective careers. This cell is to collect the career options from the students, create Awareness and importance of employability and higher studies in India by conducting Seminars, workshops, Special training classes by outside vendors, training classes by internal trainers, and Special classes on CAT, GATE, GRE etc. The Main function of Dr. KN Modi

Foundation to encourage the young professionals for achieving the goals/dreams of higher education and jobs.

The training cell functions like a bridge between the institution and industry. It holds career-oriented lectures by senior managers and successful consultants. It also arranges for companies to facilitating pre-placement classes/talks, written tests, group discussions and interviews & Mock Tests for Jobs, GATE & CAT .The training cell acts as a liaison between the students of our companies to assist them for joining procedure and all other related Information.

Objectives:

1. Employment opportunities and career paths are affected by changes in the economy and political shifts within society. CGC believes that opportunities may change with the time by Giving In Time Information about Current Competitive Examinations and current procedure of employability of company.
2. The student's better option to go for further studies. A specialization will always earn the student more salary as well as priority during interviews and of course sound grip over subject than getting some job.
3. To adopt suitable strategies for supporting a common student can log on, anywhere with cheaper in cost & possible for Self tests with the help of our training cell.
4. To Develop Awareness, Information & Importance of Higher Studies In time to the Student to make the rural student to achieve success by caching the Best opportunities Foreign Studies.

Functions:

1. **Technical Training provided by EDGE:-** The technical knowledge part is covered by EDGE which take care of all industry specific trainings like as AutoCAD, CATIA, 3D Printer, Revit MAX, Core/Advance Java, .Net, Web Designing, Oracle or PL/SQL, PLC/Scada, RLD, P-SPICE, Verilog, MATLAB, Embedded System(PIC Microcontroller, Proteous, KIEL S/W, C Programming), Robotics and Automation System.
2. **Common to all technical trainings:**- We are providing some technical trainings common to all branches 3rd year students. Like as PHP/SQL server, Cloud Computing, Data Analytics/Business Analytics, etc. From which, the classes on Cloud Computing are provided by **CETPA** and classes on Data Analytics are provided by **SkillUp Learning Center**.
3. **Soft Skills/GDPI:-** Apart from technical knowledge recruiters also assist the student on the basis of their grooming standard personality, communication skills, presentation skills and also how smartly they handle the interviews. The HR team coming from industries to hire fresh talents look into aspects like attitude, confidence, body language which have become an integral part of campus recruitment process these days.
4. **Analytical skills:**- The third most important parameter on which the students are judged for hiring is by assessing their analytical skills. Most of the campus recruiters put the students across "APTITUDE TESTING" round to assess the analytical, calculative and reasoning skills.
5. **Training classes by outside vendors: -** Provide some placement specific classes to 4th year students by outside vendors (**DreamUny**) from JULY onwards. These classes are capsule program for them. In which, we cover the modules of Aptitude and Reasoning, Soft Skills, and Technical MCQs.
   Provide Aptitude/GDPI classes by **Advait Learning, Career Launcher** to 3rd year students of all branches.

6. **Seminar & Workshops: -** Conducting a number of seminars & workshops for the students of all branches. Like as Exclusive workshop (related to recruitment drive) for final year students, Career counseling workshops for all branches, Special online test for all branches.
7. **Faculty development program: -** Conducting some FDP programs for faculties of all branches for improving the teaching skills and knowledge.

8. Details of activities Organized by training department in 2016-17: -

a. B.Tech. CSE,IT,MCA 2nd Year
- Provide training on Core Java for developing window application by using Netbeans and MySQL in 3rd Semester.
- Provide training on .NET Framework for developing console and window application by using Oracle in 4th Semester.

b. B.Tech. CSE,IT,MCA 3rd Year
- Provide training on SQL Server/PHP, Cloud Computing in 5th Semester.
- Provide training on Adv. Java for developing web application by using JSP/Servlet and Oracle in 6th Semester.

c. B.Tech. ME 2rd Year
- Provide training on AutoCAD 2D designing in 3rd Semester.
- Provide training on AutoCAD 3D designing in 4th Semester.

d. B.Tech. ME 3rd Year
- Provide training on SQL Server/PHP, Cloud computing in 5th Semester.
- Provide training on CATIA for developing some industrial based modules and designs, MATLAB in 6th Semester.

e. B.Tech. ME 4th Year
- Provide training on 3D Printer.

f. B.Tech. CE 2nd Year
- Provide training on AutoCAD 2D designing in 3rd Semester.
- Provide training on AutoCAD 3D designing in 4th Semester.

g. B.Tech. CE 3rd Year
- Provide training on STAAD PRO in 5th Semester.
- Provide training on REVIT Architecture and MATLAB in 6th Semester.

h. B.Tech. ECE 2nd Year

- Provide training on Embedded System and robotics-automation by using KEIL Software and TOP view simulator in 3rd Semester.
- Provide training on Robotics and automation with PIC Microcontroller in 4th Semester.

i. B.Tech. ECE 3rd Year
- Provide training on SQL Server/PHP, Cloud Computing in 5th Semester.
- Provide training on Core Java for developing window application by using MySQL and MATLAB Control System in 6th Semester.

j. B.Tech. EE 2nd Year
- Provide training on PLC/RLD,LOGO 0BA6, 0BA7 in 3rd Semester.
- Provide training on S7 1200, P-SPICE in 4th Semester.

k. B.Tech. EE 3rd Year
- Provide training on SQL Server/PHP, Cloud Computing in 5th Semester.
- Provide training on Core Java for developing window application by using MySQL and MATLAB Control System in 6th Semester.

l. B.Tech. CHE 2nd Year
- Provide training on PLC/RLD,LOGO 0BA6, 0BA7 in 3rd Semester.
- Provide training on S7 1200, P-SPICE in 4th Semester.

m. B.Tech. CHE 3rd Year
- Provide training on SQL Server/PHP, Cloud Computing in 5th Semester.
- Provide training on P-SPICE, MATLAB in 6th Semester.

n. MBA 1st and 2nd Year
- Provide training on Soft Skills (PDP and GDPI).

o. BBA/BCA 1st, 2nd and 3rd Year
- Provide training on Soft Skills (PDP and GDPI).

p. Aptitude Sessions for All: - Common to All Branches 2nd , 3rd Year (Problems on Trains, Height and Distance, Simple and compound Interest, Profit and Loss, Percentage, Calendar, Average, Numbers, Problems on H.C.F and L.C.M, Simplification, Surds and Indices, Chain Rule, Boats and Streams, Logarithm, Time and Distance, Time and Work, Partnership, Problems on Age, Clock, Area, Permutation and Combination, Decimal Fraction, Square Root and Cube Root, Ratio and proportion, Pipes and Cistern, Races and Games, Probability, Banker's Discount, Number Series, Verbal Classification, Analogies, Matching Definitions, Verbal Reasoning, Logical Games, Statement and Assumption, Statement and Conclusion, Cause and Effect, Logical Deduction, Letter and Symbol Series, Essential Part, Artificial Language, Making Judgments, Logical Problems, Analyzing Arguments , Course of Action, Theme Detection, Statement and Argument, Selecting Words, Sentence Formation, Sentence Correction, Completing Statements, Paragraph Formation).

q. PDP Sessions for All- Common to All Branches 2nd , 3rd Year (Introduction/Developing future plans, Profile Building, Vocabulary & Grammar Session, Group Discussion/Industry Awareness, Defining Objectives/participation & practice, HR Perspective/Role plays & Quiz, Resume writing, Ensuring self-interaction, Creativity, Innovation).

IT Facilities at Dr.K.N.M.I.E.T.

Dr.KNMIET is a high-tech Wi-Fi enabled campus. The students have the facility to be assigned individual computer from 630 available computers and access internet and other applications. The students have all the authority to access internet in their leisure time under the supervision of the computer lab instructors to explore and learn more about their curriculum or anything that is informative. Dr. KNMIET have a internet 40 Mbps symmetric internet bandwidth circuit from Reliance Communications.The institute is using Cyberoam (UTM) to manage Internet bandwidth, firewall, anti spam controller, content filtering and anti-virus protection at gateway level.

All the state of the art technology are being used in the campus that helps the students concentrate and make academics more interesting and friendly; few are as mentioned:

- Campus-wide Wi-Fi internet facility
- Digital Podiums with interactive screen
- Online ERP system
- 3D Printer
- Lingustic lab
- Smart cards for students and faculty
- Students and staff attendance through Bio-metric devices
- 24 X 7 CCTV surveillance system for better security
- Interactive Smart classrooms with digital learning contents
- Digital Library
- Computer access throughout campus

Department of Applied Sciences and Humanities

ABOUT THE DEPARTMENT:

Department of Applied Sciences and Humanities includes Engg Physics, Engg Chemistry, Engg Mathematics, Professional communication, Basic Electronics Engg, Basic Electrical Engg, Elements of Mechanical Engg, Engg Graphics, Workshop practices, Computer concepts & programming in C and all related laboratories. Department comprises of highly qualified and experienced faculty members, well equipped laboratories, a central library as well as departmental library consisting of latest and upto date references for students with more than 2500 digital contents. Department has its own smart class room with digital e-content and video lectures of Professors of IITs. Department incorporated the ERP system for attendance, provides common e-plateform to all its students to share good class noted, study material, assignments and tutorial sheets well in advance. Through this e-plateform, parents can also monitor the regular performance of their ward. We have well established mentoring system to develop capability among students to face the various challenges boldly. Department plays a role to laid down the foundation for Engg program with fulfilling the related vision & mission along with departmental program objectives.

VISION:

To inculcate sound technical knowledge along with realized social responsibilities to enable its students to combat the current and impending challenges faced by our country and to extend their expertise to the global arena.

Mission:

To impart high quality education and training to its student to make them world class Professionally competent technocrats with a foresight to the changes and pioneers to offer innovative solutions to benefit the nation and world at large.

POs of the Dept.:

1. Engineering Knowledge
2. Problem Analysis
3. Design /Development of Solutions
4. Conduct Investigations of Complex Problems
5. Modern Tool usage
6. The Engineer & Society
7. Environment & Sustainability
8. Ethics

Achievement by Applied Science department

1. Result of Ist year odd sem is increased by 21%.
2. 100% Course coverage has been done successfully in all subjects.
3. "100% students in Uniform" is successfully implemented.
4. Discipline has been maintained throughout the year and no case of indiscipline is reported.
5. Student's attendance was good in both semesters.
6. Regular Extra Classes for weak students have been arranged.
7. Marks scoring in external examination are improved.
8. 100% ragging free campus maintained and no case is reported.

CSE and IT Department

Vision of Department

- To create a department with leaders in computer science education at the forefront of educational innovation and dissemination of new technology and knowledge. The students achieve excellence in education and professional practice as well to serve as valuable resource for industry and society globally.

Mission of Department

- To create knowledge of fundamental principles and innovative technologies within the core areas of computer science and also in inter-disciplinary topics.
- To develop competent professionals who are proficient in the design, analysis and implementation of computational/computer systems.
- To develop human machine interaction in the field of Computer Science to address the challenges faced by the mankind for optimum utilization of knowledge based system.
- To apply new developments in computational hardware and software and to provide all possible support to promote research and development activities.
- To impart quality and value based education and contribute towards the advancement of computing, science and technology to raise satisfaction level of all stakeholders.

Program Educational Objectives

- Educate the students to possess the ability to think logically and the capacity to understand technical problems to design alternative solution.
- To prepare graduates to become effective innovators to address technical and engineering challenges.
- To guide the students to focus on Research and development activities covering the emerging trends of computer application.
- To use the skills in ethical and professional manner for the effective contribution to society.

Seminar/Conferences/Workshops/Guest Lectures

Workshops

"Python"

A Workshop was conducted by RCPL for CS 2nd and 3rd year students on 11-04-17.RCPL conducts trainings for student from best of the institutions of the country.. The topic of the Workshop was Python .Total 80 students attended the workshop

"Matlab Workshop"

A workshop is conducted for CS 2nd and 3rd year student on 7-04-2017.The workshop was conducted on MATLAB. Total 90 students attended the workshop

"Microsoft Certification"

LAB FACILITY

Computer Labs- The department has 5 different laboratories to fulfill the needs of academic curriculum. The laboratories are equipped with latest configuration and softwares like .Net. Java, IBM Rational Rose, SQL server etc. to help the students to build their ability in latest technologies.

R & D lab: Research and Development plays a critical role in the innovation process. It's essentially an investment in technology and future capabilities which is transformed into new products, processes, and services'. One R & D Lab has been established in Dr. K.N.M.I.E.T. successfully to promote the research activities among students and faculty.

Internet Lab

An internet lab with high speed Wi-Fi facility of 50Mbps is provided for the students to have 24*7 internet access to all students and faculty.

Achievements:

STUDENTS ACHIEVEMENTS

1. Ms.Nikita Saparia, Ms. Shanya Shanu, Ms. Shephali Kumari are AKTU toppers in 2017.

2. Mr. Shobhit Tomar, Mr.Satyam Kumar Diwedi, Ms Soumya Singh qualified GATE 2017

3. Mr.Lakshya Srivastava qualified GRE 2017

4. Mr.Aaditya Pandey, Mr.Braj Ankit, Mr.Arvind Verma and Mr.Harshit Pathak win HACKATHON 16 conducted by Tech Mahindra in June 2016

FACULTY ACHIEVEMENTS

- Mrs. Niharika Saxena has been selected as certified trainer of Tech Mahindra in 2016-17.

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

VISION OF THE DEPARTMENT

- To become an internationally leading centre of higher learning and research in the domain of Electronics and Communication Engineering.
- Create an Educational environment in which students are prepared to meet the challenges of modern Industrial society by equipping them with:
- Upto date Technical Knowledge.
- Analytical and Practical skills.
- A creative and innovative approach to work

MISSION OF THE DEPARTMENT

- To provide quality education in the domain of Electronics and Communication Engineering through periodically updated curriculum, effective teaching learning process, best of breed laboratory facilities and collaborative ventures with the industries.

- To inculcate innovative skills, research aptitude, team-work, ethical practices among students so as

to meet expectations of the industry as well as society.

- Create Research; Development and Testing environment to meet ever changing and ever demanding needs of the Electronic Industry in particular, along with IT & other inter disciplinary fields in general.

Goals:

- To be one of the leading Electronics and Communication Engineering department in the India and to be known for research, creation of knowledge base, education, industry interaction and entrepreneurial activity.
- To be a global partner in Training the human resource in the fields of Chip Design, Instrumentation and Networking.
- To have an association with internationally reputed Institutions for academic excellence and man power development.
- To bid developmental International projects.
- To increase the research activity in the state of the art fields.

PEO's Of Department

In order to provide a quality undergraduate degree, the Electronics & Communication engineering program has three overarching objectives:

1. Graduates of the program will adapt to the continuous hanging in the field of Electronics & Communication engineering.

2 .Graduates of the program will have a successful professional career.

3. Graduates will be able to communicate and work as a part of a team in order to be an effective member of the work place and the society.

Details of Workshops and Conferences

Name of the Faculty	Conference/Workshop Attended
Dr.Sumit Gupta	1.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd,
Neha Agarwal	1.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 2.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.
RANU KAUSHIK	1.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 2.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.

Mr.Pratik Dubey	1.presented a paper on "wireless sensor Networks Security" IEEE conference on FUTURE INNOVATIONS & RESEARCH IN SCIENCE & TECHNOLOGY-2017 (FIRST-2017) held on 22-23,April 2017 IIMT ENGINEERING COLLEGE, MEERUT, (UP) ISSN (Online): 2277- 8691, pp 243-47 2.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 3.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.
Mr.Amit Agarwal	1.presented a paper on "wireless sensor Networks Security" IEEE conference on FUTURE INNOVATIONS & RESEARCH IN SCIENCE & TECHNOLOGY-2017 (FIRST-2017) held on 22-23,April 2017 IIMT ENGINEERING COLLEGE, MEERUT, (UP) ISSN (Online): 2277- 8691, pp 243-47 2.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 3.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.
Mr. Tilak Chitransh	1.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 2.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.
Mr. Gourav	1.presented a paper on "wireless sensor Networks Security" IEEE conference on FUTURE INNOVATIONS & RESEARCH IN SCIENCE & TECHNOLOGY-2017 (FIRST-2017) held on 22-23,April 2017 IIMT ENGINEERING COLLEGE, MEERUT, (UP) ISSN (Online): 2277- 8691, pp 243-47 2.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 3.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.

Mr. Chndarkant	1.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 2.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.
Mr. Sanjay Yadav	1.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 2.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.
Dr.Shweta Gupta	1.Shweta Gupta , Adesh Kumar ," Bionic Functionality of Prosthetic hand"presented paper in ICICCD-2017 (IEEE Conference) held on 15th -16th April at Dehradun 2017 2."Shweta Gupta , Adesh Kumar ," Bionic Functionality of Prosthetic hand " in Book series of Springer – Advances in Intelligent Systems and Computing , Contract Number 65768 " 3.Attended the Workshop for two days from 18th to 19th july 2016 on Analog System Design using ASLK Pro & internet of Things organised by DR.KNMIET Modinagar, Ghaziabad in association with EdGate Technogies Pvt,Ltd, 4.Attended one day Faculty Development Programm at Dr.KNMIET, Modinagar.

Achievement(2016-17)

Department of Electronics & communication

S.No.	Name of Student	Year	Percentage	Achievement
1	Pratiksha Sharma	4th Year(7th Sem)	83.9	University Position
2	Utkarsh Srivastava	3rd Year(5th Sem)	80.6	University Position

Faculty Achievement: It is very delightful to announce that Dr. Shweta Gupta , *Ph. D. From Dr. K. N. Modi University,* Newai , Rajasthan has got her Ph.D. thesis published as book in Lap Lambert Publishing House , *Germany.* The title of her thesis as book is "Electronic solution to Parkinson's disease and Epilepsy using Bionics". Besides this, she is also appreciated as *International reviewer* for IEEE Conference held in Italy on 9^{th} -10^{th} June 2017. Her research paper is also published in renowned journal like Springer and IEEE Conference held in Petroleum University, Dehradun in April 2017.

Department of Mechanical Engineering

Welcome to the Department of Mechanical Engineering at Dr. K.N. Modi Institute of Engineering and Technology. We started our journey in the year of 2003. Over the last fourteen years, we have grown our expertise and competence in the core Mechanical Engineering curriculum and research.

Vision of the Department: The Mechanical Engineering Department is committed to be recognized globally for outstanding entrepreneurial and successful in advanced fields of engineering & research and ready to contribu

Mission of

1. To impart quality education in Mechanical Engineering and allied areas at under grad
2. To equip the students apply fundamental knowledge in Mechanical Engineering and gain
3. To encourage entrepreneurship and to develop sustainable
4. To provide an environment for acquiring ethical values and positive attitude through conducive atm
5. To enable interaction of the students with the industry for achieving professional

PROGRAM EDUCATIONAL

To provide the
1. Quality education and innovation
2. Capability to function ethically in professional mechanical engineering discipline an
3. To provide a very good academic and research environment and culture
4. Contribute the society to improve standard by solving
5. To make changes in working culture and academic program to fulfill the demand/requirement of industry.

Department of Electrical Engg.

Vision of the Department

To provide quality education and groom the students into confident and competent professionals in the field of design and control of electrical machines and power system, imbibed with ethical attitude, team work skill

with multidisciplinary approach to meet the challenges of highly competitive environment in global arena.

Mission of the Department

To spread knowledge in the field of Electrical and Electronics Engineering and encourage research in selected area of Electrical Engineering, to provide quality, cutting-edge educational experiences at the Bachelor's level ; provide state-of-the-art education and training, in dynamic synchronization with industry so that the students acquire global competency and social aspirations.

PEOs of the Department of Electrical Engineering Department:

1. Demonstrated proficiency in applying fundamental mathematical, scientific, and engineering principles in identifying, formulating, analyzing and solving engineering problems;

2. Demonstrated sufficient mastery of core engineering topics suitable for entry into the professional/or for graduate study;

3. Gained significant experience in design and control of electrical machines and power system in both individual and team contexts;

4. Acquired up-to-date skills for analysis, data collection, modeling, project management, professional development, communication, and presentation;

5. Developed an understanding of professional, ethical and social issues suitable for participation and leadership in their communities.

Department of Civil Engineering

Civil engineering is one of the oldest and arguably the most important engineering disciplines. It involves applications of scientific principles for solving a wide range of problems related to the condition of humans and the planet. It is a profession steeped in history, with its earliest practice commenced between 4000 and 2000 BC. It is a wide ranging profession that involves elements of structural design, geotechnical analysis, transportation systems, materials science, construction practices, environmental solutions, water resources development, and more.

What are civil engineers?
Civil engineers are global leaders in building a better life for humankind. It is impossible to stand on any street corner in the world and not witness the work of civil engineers. Whether it is buildings, roads, airports, bridges, sewers, water distribution systems, water and wastewater treatment plants, cell phone towers, tunnels, off-shore oil rigs, wind generation systems, rail systems, canals or dams, civil engineers have played a role in their design, construction, and successful implementation. They design, construct, and maintain the physical fabric of cities. Civil engineers also help to protect the natural environment from stresses imposed by humans, such as water, air, and soil pollution, and humans from the power that is sometimes exerted by nature in the form of hurricanes, tornados, floods, earthquakes, fires, and more.
Why are civil engineers important?

The importance of civil engineers has been magnified by what remains a continuing massive migration of the world's population from rural to urban areas. This migration has placed significant strains on aging infrastructure and need for new infrastructure that is more sustainable and adaptable to the changing needs of society. Civil engineers are involved with the development of innovative new materials for high performing infrastructure, more sustainable infrastructure strategies, and cutting-edge methods for testing and replacement of failing infrastructure. Civil engineers are critical to solving all of the grand challenges that face humankind today. They are involved in many aspects of the energy sector, including energy infrastructure, alternative energy systems with low carbon footprints, and energy conservation. The latter is embedded in appropriate design of the everyday systems and infrastructure that civil engineers construct, with appropriate design and operation having a potentially enormous impact on lowering the carbon footprint of humans.
Throughout the past 100 years civil engineers have been instrumental in saving hundreds of millions of lives by assuring the delivery of clean drinking water and clean-up of wastewater before it enters the environment to be consumed by others downstream. The treatment of human and industrial wastes using systems designed and operated by civil engineers has also protected the environment and in many cases brought it back from near complete destruction. And civil engineers are now playing an important role in developing strategies for mitigating climate change through processes such as carbon sequestration in deep aquifers.
Where do civil engineers work?
Civil engineers may work in the private sector at consulting or construction firms, and for industry, or for state or local governments. Some civil engineers hold supervisory or administrative positions, while others pursue careers in design, construction or teaching. Because of their many technical skills, many civil engineers have entrepreneurial opportunities.

5-Vision

To be known as global leaders in the area of Civil Engineering through innovations, academic excellence and socially relevant research outcomes and to become a preferred destination for all the stakeholders.

Mission

1. Focus on quality of learning and innovation to develop competent civil engineers with professional, ethical and analytical skills.
2. Develop global linkages and industry connects at multiple levels for knowledge dissemination and

strengthening the graduate outcomes.
3. Promote multidisciplinary research and develop technology support for industry and Government institutions.
4. Focus on sustainable development and socially relevant projects for the betterment of human society, environment and nation.
5. Build a connect and outreach capability with appropriate skills and strength to enhance the intake quality and quantity.

USPs
1. Intellectual Capital: Well qualified, and dedicated faculty and committed technical staff.
2. State of the art laboratory facilities: For academia and research.
3. NABL Accreditation: Facilitates consultancy and research
4. Outstanding industry interaction: Through lectures, industrial visits, internships etc.

Programme Educational Objectives (PEO's)
1. To provide extensive knowledge of Civil Engineering for professional development and other creative & innovative pursuits of science and technology.
2. To provide sustainable, economical and environmentally sound solutions to civil engineering problems to satisfy the needs of the society and industry at national and global level.
3. To develop communication ,interpersonal and effective project management skills to work in a team effectively and conduct themselves ethically in their professional environment
4. To develop technical competence in the fields of Civil engineering through new and advanced courses and provide an environment for technology related research.
5-Civil Engineering Program Outcomes
The Program Outcomes for the Civil Engineering Department at the Indian University of Lefke are listed below. Students graduating from the program should have:
PO1: An understanding of the mathematics, science and engineering required for analysing and solving problems related to civil engineering
PO2: An ability to detect, identify and solve complex problems in civil engineering, and, with this aim in mind, choose appropriate analysis and modelling methods to apply
PO3: An ability to apply modern methods, for the purpose of designing to meet specific needs of a complex system, process, device or product, under realistic constraints and conditions
PO4: The necessary skills and experience in the effective use of information technology, and the develop and use of modern techniques required by civil engineering applications
PO5: The ability to conduct experiments, analyse and interpret collected data and results in various fields of engineering
PO6: An ability to use fundamental engineering knowledge in an effective manner on individual project work and whilst contributing to a multi-disciplinary team effort
PO7: An ability to communicate effectively, both orally and in writing, in the Indian language, as well as, in at least one other language
PO8: An awareness of the need for lifelong learning and continued professional development, and continually keeps up to date latest developments in their field
PO9: An appreciation of the required ethical responsibilities entailed by the application of civil engineering

methods
PO10: An ability to meet desired needs within specified constraints, such as economic, environmental, social and political, whilst also considering the importance of health and safety, whilst being aware of the legal consequences of certain engineering solutions
PO11: An understanding of business practices, such as risk management and project management, as well as, an awareness of sustainable development, entrepreneurship and innovation.

Dept. of Chemical Engg.

About Chemical Engineering Course

Chemical engineers apply the principles of chemistry, biology, physics, and mathematics to solve problems that involve the production or use of chemicals, fuel, drugs, food, and many other products. They design processes and equipment for large-scale manufacturing, plan and test production methods and byproducts treatment, and direct facility operations.

DEPARTMENT VISION

To be a global renown chemical engineering department with advancing contributions in society through excellence in education, research and social responsibility

DEPARTMENT MISSION

WE STRIVE TO BESTOW OUR STUDENTS

WITH

- SCHOLASTIC ATTITUDE
- SPRIT OF SCIENTIFICENQUIRY
- PERSONAL AND PROFESSONAL INTEGRITY
- KNOWLEDGE OF CUTTING-EDGE TECHNOLOGY
- PASSION FOR THE SERVICE OF THE MANKIND

THROUGH

- COMPETENT FACULTY
- ADEQUATE INFRASTRUCTURE
- CONDUCIVE ACADEMIC ENVIRONMENT

FOR

- ACHIEVING & SUSTAINING EXCELLENCE IN ENGINEERING & ALLIED AREAS
- MEANINGFUL INTERACTION WITH INDUSTRY
- ALL-ROUND PROGRESS OF OUR NATION

PEO's

Through the integration of knowledge and skills acquired through the academic courses, extracurricular experiences, and faculty expertise, the graduates of the Chemical Engineering Program will

- Become successful whether in their chemical engineering profession, in advanced studies in engineering or science or in other complementary disciplines
- Assume leadership roles in industry, business and/or their communities
- Contribute to the economic environment of their communities
- Further develop career skills through life-long learning

PO's

The student will have

1. An ability to apply knowledge of mathematics, science and chemical engineering in the design and operation of chemical processes

2. An ability to identify, formulate and solve complex problems in the various domains of chemical engineering such as fluid mechanics, heat transfer, mass transfer, mechanical operations and transport phenomena

3. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability

4. An ability to design and conduct experiments, as well as to analyze and interpret data

5. An ability to use the techniques, skills, and modern engineering tools necessary for chemical engineering practice

6. A knowledge of contemporary issues

7. The broad education necessary to understand the impact of chemical engineering solutions in a global, economic, environmental and societal context

8. An understanding of professional and ethical responsibility

9. An ability to work individually and as a member of a team

10. An ability to communicate effectively

11. An ability to function on multidisciplinary teams

12. A recognition of the need for, and an ability to engage in life-long learning

Management Studies

The management faculty of Dr. K.N.M.I.E.T. comprises of a group of professionals with diverse background having experience in industry and academia. Their diverse backgrounds and experience provides valuable insight to the students. They make a perfect blend of very highest standards of teaching and mentoring with diverse backgrounds as eminent entrepreneurs, consultants, researchers, theoreticians and policy makers. The rich diversity of their backgrounds installs in the students a continuous desire to achieve excellence. Management department has a resolution to bring the culture of VRD approach (Value, Rigour and Differentiation). We are bringing values among the students that make them good human being and rigour in pursuit of excellence and having differentiation in terms of capabilities and knowledge

The department of Management Studies was incepted in the year 2005 approved by AICTE, Delhi and affiliated to AKTU, Lucknow. Holistic education cannot be complete without a peaceful and healthy environment and therefore, we offer an exceptional infrastructure blended with natures blessings. Our campus is enriched with state of the art modern facilities for conducting various academic programs. We believe in Success through Synergy, hence bridge the gap between classrooms to corporate through continuous corporate interactions.

We offer two year full time MBA program with specialization in Human Resource/ Marketing/ Finance/ International Business/ Information Technology. Our department strives to provide the best management education. In consonance with the Vision and Mission of the institution, our department strives to bring our students an all-rounder to view their future in different perspective. We believe in developing our students with strong fundamental and conceptual skills and capability, combined with a deep sense of ethics and

social responsibility. This is achieved with extensive class room exercises, case analysis, stimulated games, industrial trainings, research projects, and mentoring sessions.

Management department organizes at least two industrial trips and one excursion program which will give the opportunity to our students to observe the production and process flow of a reputed company. With this program students will be able to relate the theories with the practical world of the industry. Providing modern-day education and training for meeting the challenges of the growing world scenario and varying environment in Business Administration with state of art infrastructure.

The Training and Placement Cell of the Institute handles campus placement of the graduating students. The Cell provides complete support to the visiting companies at every stage of placement process. Arrangements for Pre-Placement Talks, Written Tests, Interviews and Group Discussions are made as per the requirement of the visiting companies. We have a track record of 100% placements since inception.
